

Requesting an Exception from Your Health Plan

A General Overview

Have you been notified that your medication is not covered by your health plan or that you need to meet other requirements before obtaining it?

You can call your health plan and request an “exception” for coverage of your medication. Here are steps you may follow:

1 Prepare for the call

- Have your Group# and the BIN# on the front of your health insurance card ready. If there is no Group# on your card, you can use your Member ID#.
- Locate the Customer Service 800# on the back of your health insurance card.

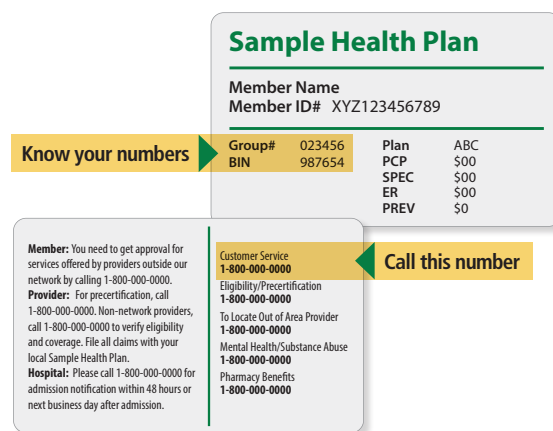

2 Make the call

- Call the Customer Service 800# and ask to speak with the “Exceptions and Appeals Representative,” if there is one. Be sure to say that you are calling about your Medical Benefits.
- Ask the representative to give you information about your health plan’s “Exceptions and Appeals Process,” any required forms, and what you need to do to request an exception.

3 Work with your doctor’s office

- Obtain the information needed for submission of an exception request.
- Follow the health plan’s policy guidelines and observe their timeline.

Use the Checklist on Side 2 to help make sure you follow your health plan’s requirements for an exception request.
