

Receiving RADICAVA ORS® (edaravone) from a specialty pharmacy

What is a specialty pharmacy?

A specialty pharmacy is a state-licensed pharmacy that provides complex medications for patients with serious health conditions. These medications often require extra care in shipping and handling. There are in-network specialty pharmacies to fulfill your prescription for RADICAVA ORS®. All the specialty pharmacies will work in a similar way.

Here are the steps to receiving your medication

Your doctor submits a Benefit Investigation and Enrollment Form, which acts as a prescription, to the **JourneyMate Support Program™**.

The **JourneyMate Support Program™** Insurance & Access Specialist:

- Sends a **preliminary benefit summary** to you and your doctor, including:
 - Information about your health insurance coverage for RADICAVA ORS®
 - The name of the specialty pharmacy that will confirm your coverage and process your prescription

The **specialty pharmacy** that receives your prescription:

- Contacts you and your doctor to obtain any additional information required to confirm approval of your health insurance coverage
- Coordinates with the Insurance & Access Specialist to provide you with a final benefit summary

Once coverage is approved, see back for the final step to receiving your medication. 

Once coverage for RADICAVA ORS[®] (edaravone) is approved by your insurer:

The **Insurance & Access Specialist** will call to help you understand your health plan coverage and out-of-pocket costs.

You can call the Insurance & Access Specialist at any time to discuss your health plan coverage and financial support options, including the Out-of-Pocket Assistance Program, if eligible.*

The **specialty pharmacy** will call you to review prescription details, confirm shipping information for delivery to your home, and arrange payment of your out-of-pocket costs, applying any available financial support, if eligible.
