Radicava ORS® (edaravone) Oral Suspension 105mg/5mL

JourneyMate
SUPPORT PROGRAM™

Dedicated Team. Patient-Focused Approach.

You and your doctor may be discussing starting treatment with RADICAVA ORS® (edaravone). We're ready to help.

When your doctor submits a **completed Benefit Investigation and Enrollment Form to the *JourneyMate Support Program***™, your steps to starting treatment begin.

A *JourneyMate Support Program*™ Insurance & Access Specialist will:

- Help to investigate your health insurance coverage and health plan benefits, as well as the RADICAVA ORS® financial support options which may be available to you
- Answer your questions and let you know what is needed next at each step in the process as you pursue treatment
- Help you understand how to access RADICAVA ORS®

Have you switched to RADICAVA ORS® because of the discontinuation of RADICAVA® (edaravone) and have insurance questions?
Get the support you need by calling an Insurance & Access Specialist at 1-844-772-4548.

*A **JourneyMate Support Program**™ Insurance & Access Specialist is provided by UBC on behalf of Tanabe Pharma America, Inc. (TPA). A **JourneyMate Support Program**™ Insurance & Access Specialist may provide information obtained from outside sources about a patient's insurance coverage, financial support options, and whether treatment is covered by their health plan. This information does not require a patient or their doctor to use any TPA product. Because the information provided comes from outside sources, a **JourneyMate Support Program**™ Insurance & Access Specialist cannot guarantee the information will be accurate or complete.*

Steps for starting treatment

BENEFITS VERIFICATION

1. You and your doctor **complete and submit a Benefit Investigation and Enrollment Form**. This allows an Insurance & Access Specialist to check your health plan coverage for RADICAVA ORS®.
2. Your **prescription for RADICAVA ORS® is sent to an in-network specialty pharmacy**. This may help your doctor get a final coverage determination from your health plan.
3. Your doctor **submits any additional information required** by your payer for coverage approval (including Prior Authorization requirements) to your insurance provider, as well as any additional documentation needed to your specialty pharmacy to facilitate the dispense of your medication.

ACCESS AND AFFORDABILITY SUPPORT

4. The specialty pharmacy contacts you to **review insurance coverage details**. They may also help obtain a final coverage determination from your health plan.
5. An Insurance & Access Specialist **reviews financial support options** with you (if you're eligible). See next page for details.

FULFILLMENT OF TREATMENT

6. Your approval of **coverage and payment for RADICAVA ORS® are confirmed**. This allows the specialty pharmacy to apply any financial support you're eligible for and schedule delivery of RADICAVA ORS® to you.
7. You **receive RADICAVA ORS® at home** shipped by your pharmacy.

What if your health plan denies insurance coverage?
You and your doctor may request an exception from your health plan for denial of coverage. See next page for details.

Please see the full Prescribing Information and Patient Information, also available at www.radicavaors.com.

Financial support options

Once your doctor has prescribed RADICAVA ORS® (edaravone) and submitted a Benefit Investigation and Enrollment Form (BIF) to check how your health insurance covers RADICAVA ORS®, an Insurance & Access Specialist or the specialty pharmacy will help investigate your health insurance coverage and health plan benefits, as well as RADICAVA ORS® financial support options which may be available to you. These include the Out-of-Pocket Assistance Program for eligible, commercially insured patients.*

Requesting an exception from your health plan

Your health plan may require a Prior Authorization for your prescription. This typically means your doctor needs to provide additional documentation to your health plan.

Please note: You may be notified that the request for Prior Authorization for your prescription has been denied by your health plan. You can refer to a helpful guide called Requesting an Exception from Your Health Plan, available in the Insurance Coverage section at radicava.com/patient/downloads.

Call a JourneyMate Resource Specialist for answers and educational resources relevant to your or your loved one's RADICAVA ORS® treatment.

**This is not insurance. The Out-of-Pocket Assistance Program is for eligible patients who have commercial insurance that covers a portion of the cost for RADICAVA ORS®. Support is not valid for patients covered, in whole or in part, by government-funded health insurance such as Medicare, Medicaid, VA, DoD, or other federal or state assistance programs. Other restrictions apply. See full Eligibility Requirements & Terms and Conditions, available at radicava.com.*
